

The OHS is evolving into a relevant, twenty-first century organization with 2,500+ members across the country and growing. Over 5000 individuals access our quarterly journal, *The Tracker*, and the Pipe Organ Database receives well over 5.5 million hits annually. NEW for 2019 is a monthly newsletter distributed to all members including our newest student chapter members at colleges and universities where organ programs are thriving. Your advertising support allows OHS to enrich the present while curating the future.

**THE TRACKER (including a Convention special Issue)**

Our quarterly publication, THE TRACKER, has become America’s pipe organ journal – elegant and sophisticated. Builders, architects, tuners, scholars, students, historians, performers, and enthusiasts are the influential individuals who shape the course of the pipe organ. Our printed publications are distributed to OHS members, businesses, and organizations in the field, and organ aficionados worldwide, with an estimated readership of 7,000.

**THE PIPE ORGAN DATABASE – [pipeorgandatabase.org](http://pipeorgandatabase.org)**

THE OHS PIPE ORGAN DATABASE is an online catalogue that provides significant information about pipe organs throughout North America, specifically all organs that exist or have existed in installations within the geographical boundaries of the United States or were built in North America. The Database is the most frequently visited section of the OHS website and provides a substantial resource for the Society’s outreach and public exposure. Our data shows that **5.5 million annual hits** occur with the database. All site visitors are provided with ample opportunity for interaction by sending new or updated information, photographs, stoplists, or other documents to the Database committee for review. With an average of 458K unique visitors each month, these visitors open an average of 40 different pages of information per visit. Detailed information from each entry often includes one or more of our more than 20,000 photographs and 12,000 stoplists.

***OH!* the monthly newsletter of OHS**

This monthly e-magazine is distributed to the 2500+ members across the USA, Canada and beyond with news items, convention information, student articles, images from organ events, concert announcements, and lighter tidbits of interest. Vendors of all kinds can be one of two monthly highlighted sponsors with a banner ad as well as a link to your website.
